

**Event: A Tree Walk With Barrie Coate**

**Date: Thursday, June 28th, 2012**

**Time: 8:30 AM - 1:00 PM**

**Location: Town Hall Council Chambers, 101 E. Main St. Los Gatos, CA 95030**

The Bay Area Urban Forest Council is proud to present a Tree Walk with Barrie Coate. The workshop will highlight the cultivation of landscape trees located at the Los Gatos Town Hall Public Park. The objective of the workshop is to familiarize urban forestry professionals with the characteristics, benefits, cultivation considerations and challenges associated with both common and uncommon landscape trees found in the San Francisco Bay Area. A historical context of the town hall landscape will also be considered. Provided by popular demand, tree tour events have consistently been identified by members in recent surveys as one of the most desirable workshops, which members would be most likely to attend. We are privileged to have this opportunity to draw from Barrie Coates' vast knowledge and expertise as a tree care and consulting professional.

**Highlights:** The morning will include an overview of the CA Urban Forest Council Invest from the ground up program by Nancy Hughes. Plus, an introduction to the landscape history of the Los Gatos Town Hall site will be provided by Rob Moulden before Barrie Coate begins the tour. A networking lunch will be provided at the beautiful town hall park following the tour.

**Speakers Include:**

Barrie Coate, Barrie D. Coate and Associates

Nancy Hughes, Executive Director CAUFC

Rob Moulden, Los Gatos Town Arborists

**Cost:** \$15, includes local organic healthy lunch and CEU's, as well as helping to fund future council programs.

**Bay Area Urban Forest Council Representatives**
